**LEARNING BEYOND ACADEMICS: SUCCESSFUL
SOCIAL AND EMOTIONAL LEARNING**

Is your child getting what they need?

Social and emotional learning is a very large component of a child's successful educational experience. Beyond academic learning, students need to learn how to be productive members of a community and to work together with their peers through conflict. Is there more that can be done to help your child be successful? Let's find out!

***Registration** is free but is **required** in order to ensure the proper amounts of materials are provided. To register, e-mail:
