Students have been very busy in the STEAM lab. Our Grade 8 students are working on a compost bin; Grade 2 created rockets; Grade 3 created recycled bird feeders and Kindergarten started creating with Legos.

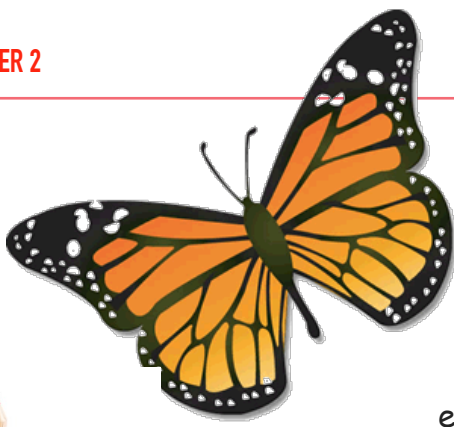

Watch for our October STEAM recap in the November newsletter...

Hamburg School is going to have some

**Spine Time**

The second grade students in Ms. Kolb's class were able to observe a monarch caterpillar in the classroom as it progressed into its chrysalis and then finally emerged into a butterfly! Releasing the butterfly into one of our beautiful Hamburg School gardens was exciting for everyone, especially the butterfly!

### STEAM Lab Supplies Needed

- ▶ balloons
- ▶ balsa wood
- ▶ batteries
- ▶ brown paper sandwich bags
- ▶ building blocks
- ▶ buttons
- ▶ cereal boxes
- ▶ construction paper
- ▶ Elmer's glue
- ▶ egg cartons
- ▶ Legos
- ▶ magnets
- ▶ marbles
- ▶ masking tape
- ▶ pipe cleaners
- ▶ plastic cups
- ▶ plastic bottle caps
- ▶ plastic spoons
- ▶ pompoms
- ▶ popsicle sticks
- ▶ rubberbands
- ▶ scotch tape
- ▶ straws
- ▶ tie wraps
- ▶ thread
- ▶ toothpicks
- ▶ straight spaghetti (box)

What skill would you like to share? Do you have a talent, skill or knowledge of a trade that you would be willing to share with Hamburg students?

Please contact Mrs. Sigman with the details.

Students will be walking around the field for extra exercise and some extra fresh air. They will be doing this with their teacher. For each lap of the field the students complete, they will get a mark on their card that has 20 feet on them. When the students get 20 feet marked they will turn in the card and receive a foot token. The tokens will be placed on a chain that their teacher will maintain in their classroom. At the end of the year the students will receive their chains and foot tokens to take home. The students are excited about getting outside and walking or running to earn their foot tokens. Mr. Douglass has announced that students earned a total of 47 “feet” for their markers.

Grade Eight is off to a sizzling start! Students built and tested solar ovens. First, the class made prototypes, and then they improved upon their designs. The "science of s'mores" was certainly educational and delicious, too!

# THE SIX PILLARS OF CHARACTER

## PRIDE Assembly 2017

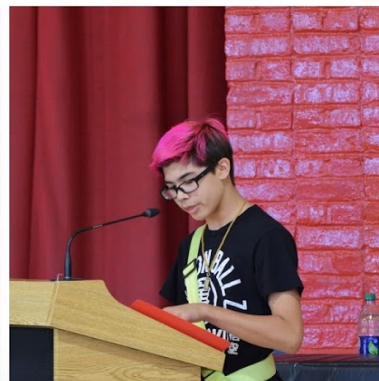

### Responsibility and Citizenship

“The price of success is hard work, dedication to the job at hand and the determination that whether we win or lose, we have applied the best of ourselves to the task at hand.”

~ Vince Lombardi

As a Hamburg School student and a good citizen you should always:

- ▶ Do what you are supposed to do.
- ▶ Cooperate.
- ▶ Persevere; Keep on trying.
- ▶ Always do your best.
- ▶ Be a good friend.
- ▶ Be self-disciplined and use self-control.
- ▶ Respect authority, obey laws and rules.
- ▶ Think before you act-consider the consequences.
- ▶ And most importantly .....OWN YOUR BEHAVIOR

## MR. CUPCAKE FUNDRAISER

Soon, everyone will have visited the STEAM Lab and boy, there are some exciting things going on in there! Kindergarten has played with Lego, second grade built rockets out of recycled goods, third grade will be building bird feeders, 8th grade is building compost carriers, AND THAT IS JUST THE BEGINNING!!

To keep adding new lessons, the STEAM Lab needs your help, and that is where the Mr. Cupcake fundraiser can help! The sale is going on now through October 11th. Your parents, grandparents, ANY friend or loved one, can order at least two cupcakes at \$2.50 each, and they will be delivered in their own containers on October 19th. All money raised will go to purchasing new items for the STEAM Lab. Can you say 3D printer?? If enough people order cupcakes, that dream may become a reality!!! ORDER SOME CUPCAKES TODAY!!

### Third Grade Lemonade Stand

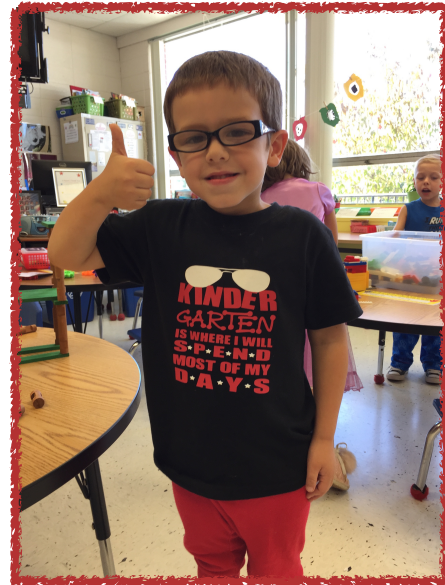

The third grade held a lemonade sale last week to raise money for our friend Gabby, a fourth grader from Franklin School who is battling Leukemia. Lemonade was sold for a dollar per cup, and all donations were graciously accepted! The third grade raised \$ 1,000 for Gabby's care! Great job Hamburg School!

Welcome to  
**Kindergarten!**

# OPT

## OCEAN POWER TECHNOLOGIES

### Hurricane Harvey Relief

Ocean Power Technologies, a company based out of Pennington, NJ, hosted a Hurricane Harvey Relief effort. All proceeds donated were shipped directly to shelters and were distributed to people in need in Texas. The efforts of students, parents, and staff at Hamburg School yielded 740 pounds of donations to help those in need.

Thank You!

# Hamburg School Weekly Upstanders

Week 1	Week 2	Week 3	Week 4
Jackie Schels	Ian Andersen	Dominic Costabile	Samantha Masten
Grade 6	Grade 8	Grade 2	Grade 8

The Upstander of the Week Program highlights one student per week during the season across our social media platforms and on the video boards during home games.

“When you see someone being bullied and/or cyberbullied and you help them, you stop being a bystander and become an Upstander!”

Grade 8 students STOMP out Bullying

Welcome back to another great year here at Hamburg School! September has been a busy month getting to know new and returning members along with watching the kids get acquainted with their teachers. We want to thank all those that have signed up thus far and encourage those that haven't yet to give it a try :-). The winners of the early sign up deadline (Sept 14) are Laura Kasa (Pre-K) and Lisa Smolinski (3rd) who each received a \$25 Visa card. Congratulations!! Classroom total winners will end September 29, but you can join ANY time throughout the year.

Our first event was held on September 8. There were many in attendance for the book covering/ice cream social as we ran out of bags for those last few that came in. We deeply apologize for the inconvenience this may have caused but we hope you enjoyed the ice cream. It was great to see so many people!

After the book covering event, the 5th thru 8th graders had a dance in the gymnasium. It was hot and sweaty, but it looked to be a fun time had by all you joined us. There were 4 winners for the dance contests and everyone was all smiles meeting up with new friends and reuniting with old ones.

Some classrooms are still looking for volunteers to organize their class tray. Please contact your teacher ASAP !

Baskets are being collected for Tricky Tray and solicitors are out and about at our local companies, but we still NEED YOU! Please consider donating a basket/tray from your family and receive 1 sheet of FREE tickets per donation. This event makes up 85% of our budget and we need all the help we can get in order to continue to give the students of Hamburg the "extras" they look forward to. The success of the Tricky Tray depends largely on its volunteers, Let's Make it Great"!
