Connect With Jokes

By: Annette Nathan

Dear Math,

You need to learn
how to solve your own
problems, because I am
done solving them for you.

Love,

Jeanivia R.

Teacher Jokes:

Teacher: I hope I didn't see you cheating on the test.

Student: I hope you didn't either.

Teacher: If I have 8 apples in one hand and 10 in the other,
what do I have?

Student: Big Hands!

Question: Why did the music teacher need a ladder?

Answer: To reach the *high* notes!

Third Grade: "Would You Rather" Mrs. Roth's Class:

Miguel McCallum: "Would you rather get a trillion bucks right away, or
one thousand bucks every day?"

I would rather have a trillion bucks right away because it will take a long
time to get a trillion bucks from one thousand every day.

Ayrianna Flatt: "Would you rather get stitches or break your leg?"

I would pick stitches because I already had stitches.

Hope DelGuidice: "Would you rather go to Disney World or go to Paris?"

I would choose to go to Paris because I have been to Disney World, I'm
going next year, and I have never been to Paris and would love to see the
Eiffel Tower.

Michael Stickley: "Would you rather go to the park or go to school?"

I would go to the park because I like to run.

Abby Smith: “Would you rather sing in front of the school or do gymnastics?”

I would do gymnastics because I ♥ it and it is fun.

Jenna Altieri: “Would you rather go to a football game or a soccer game?”

A soccer game because I will play it in the spring and fall.

Yackila Dixon: “Would you rather be a horse or a bunny?”

I would be a bunny because they are so cute and fluffy.

Angel Norman: “Would you rather go to the beach or play Minecraft?”

I would rather play Minecraft. It is so much fun!

Gabriel Perrotto-Wald: “Would you rather go to school to be homeschooled?”

I would go to school because it is fun.

Gino Preziosi: “Would you rather go to school or would you rather stay home?”

I would stay home because school takes all of my time.

Music Connection in Our Schools Month 2019

March was Music in Our Schools Month. It is a time to consider and appreciate the benefits of music in our Hamburg School education. Just like all of the other classes offered to our students, music is part of a well rounded education. Aside from weekly music classes, students can opt to be in chorus and band. Additionally music students can utilize their talents by participating in Drama Club’s spring musical.

All of these extra music opportunities can only be successful if they are supported by the entire school. Band, in particular, requires the support of our administration and our classroom teachers in grades 4-8. Without their support, band's pull-out program would not be successful. It takes a village.

I would like to personally thank all of the staff at Hamburg School for helping to make our music program strong. Thank you, Hamburg staff!

Mrs. Tarantino

Advise:

1) Scared for middle school?

The work is definitely harder and more homework, but other than that, it is basically the same as 5th grade.

2) Worried about your grades?

It's a new day, a fresh start. You should still remember your grades and learn from them, but remember, you can't change them now.

3) Worried about getting detention?

It's okay. Try not to do anything that you think is bad. Before you say or do something, think about how everyone would feel and what would happen if you did or said that.

CATS OR K-9S

BY: MAKENNA ROOPCHAND
