

June 2021 Open House

Hamburg School would like to invite our Hamburg Families to join us for an Open House on June 8th and 9th. Visitors may join students and staff from 1:30 - 2:15 on Tuesday and Wednesday of this week.

Entry : We ask guests to enter the school using their student's daily entrance point. School staff will be on hand to perform the brief health screening / temperature check. If you need to access a different part of the school, please leave through the same entry point and re-enter through another set of doors.

Masks : All visitors are to remain masked (from nose to chin) while inside the building.

Distancing : Visitors are limited to four per classroom at one time. To allow others to share in the classroom experience, we ask that classroom guests rotate in and out of the classroom.

Etiquette : Please remain respectful of the work being done in our classrooms. Silencing cell phones and remaining quiet observers will allow our students and instructional staff to provide you the most accurate example of our daily routine.

We look forward to your continued support, and hope to see you in our hallways over the next two days. Enjoy your visit!
