

Hamburg School

30 Linwood Avenue Hamburg, New Jersey 07419

Early each morning Mrs. Murphy would check the courtyard milkweed plants for new monarch eggs. She was successful in providing a growing environment in the main office for 13 butterflies (7 males and 6 females). Students assisted her in the release of all Monarchs. Additionally, there was one black swallowtail (a female) that the students watched grow in various stages. Keep an eye out for new butterfly garden additions in the Spring.

UPCOMING EVENTS

10/1 - National Children's Health Day

BE *Fearless* **CHOOSE KINDNESS**

SUMMIT 2018

THE CENTER VISIONS
FEDERAL CREDIT UNION

The annual Middle School Summit was an amazing day and the organizers thank all for their schools' participation. The keynote speaker (back by popular demand) Keith Hawkins was great as he tied his message into the theme "Be Fearless,

Choose Kindness," which was reinforced throughout the day by student performances. Students representing 8 different schools, presented creative and impactful skits showing their fellow students that each of them can be agents of change and that each person can make a difference within their school. The Camden Sophisticated Sisters (with two amazing performances) were back in Sussex County once again and captivated the students.

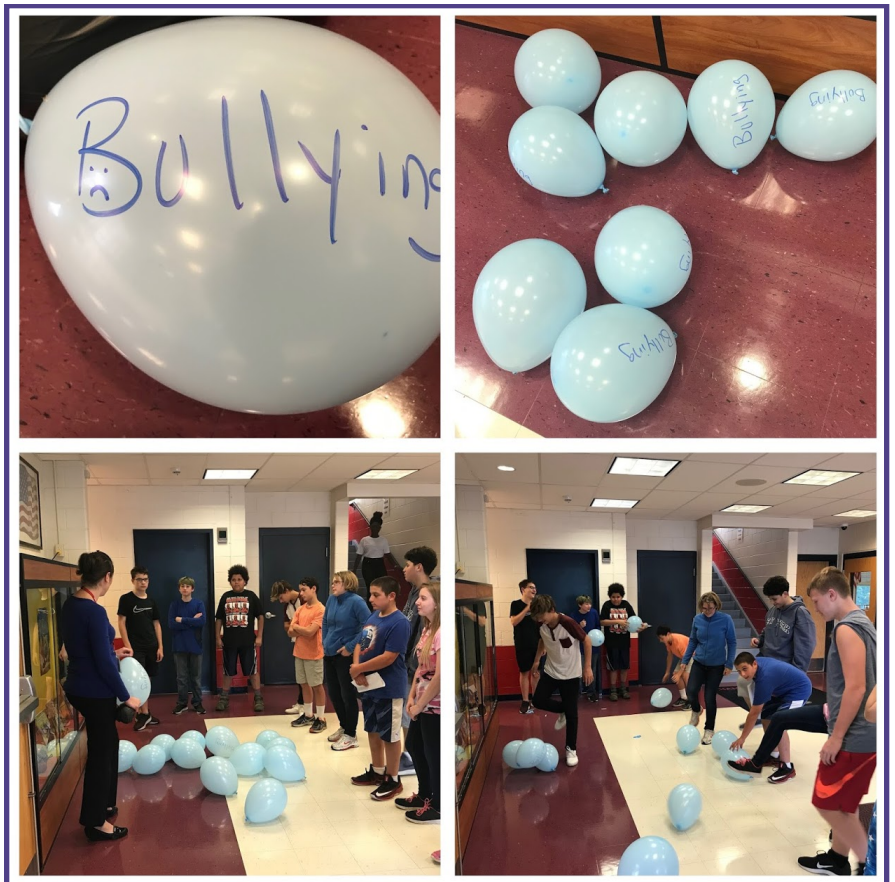

STOMP Out Bullying™

Change The Culture

STOMP OUT

Mrs Braccioforte led Grade 8 students in discussion about the negative effects of bullying.

The fifth grade has been working hard this marking period in math, language arts and science. After learning about the scientific method and how scientists use it when performing experiments, each student needed to develop a hypothesis that answered the question, "What kind of contraption can I build so that an egg will withstand a fall from a two-story building?" Students were given a budget and used their money to purchase items from the S.T.E.A.M. lab. They used their study of addition and subtraction of decimals to "shop for the supplies needed. The students used a check register to itemize their items and then wrote a check to pay for everything without going over their budget. Each student then went to work constructing their contraption. Finally, in language arts, the fifth grade learned about writing "How To" paragraphs and wrote a lab report that included their hypothesis, materials list, step by step instructions, and a reflection paragraph. The success rate for the eggs was approximately 60%. The students learned how important the planning process is whether they are shopping, building, or budgeting.

EGG DROP

CHALLENGE

Mrs. Williamson's Readers

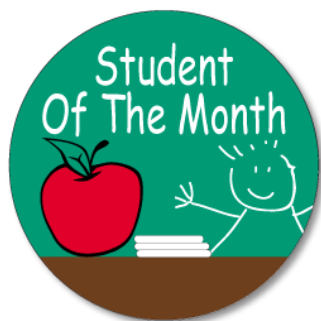

Leavings are falling and so are we.
Take the time to fall into adventures and stories
Open a book today!

Kindergarten had a great time on their Heaven Hill Farm field trip! It was a beautiful, crisp Fall day, and the students enjoyed a hay ride, saw many kinds of farm animals and learned many interesting facts about them too. They picked pumpkins, watched the pig races, and had a picnic lunch. After lunch, the kindergarteners were able to climb on hay bales, test their balance on a giant rope spider web, navigate a hay maze, build with giant Lincoln logs, and practice their skills in a hay obstacle course! Such fun!

Lunch and Breakfast Program/Lunch charge policy

Hamburg school offers breakfast for students beginning at 7:40 a.m. -8:00a.m. daily The cost of a complete breakfast for the 2018-2019 school year is \$1.60

NO BREAKFAST will be served on delayed openings)

School lunch is prepared daily

A hot lunch is available at a reasonable cost. A monthly menu is available at link:

The cost of a complete lunch for the 2018-2019 school year is \$2.90.

It is the policy of Hamburg Public School to allow students to charge a meal on the occasion when they may have lost or forgotten their lunch money. The following procedures will be followed in our school cafeteria to make certain all children are afforded the ability to purchase a lunch:

- **On the first occurrence of forgetting lunch money, the student will be served the meal of his or her choice and a charge will be applied to there online account. After two un-paid charges the student will be served a cheese sandwich, fruit, vegetable and milk until charges are paid. Parents will be contacted directly by the cafeteria**
