

Good Afternoon Hamburg Families. This message serves as an update to the many services available in Sussex County. There are still a number of warming centers that remain operational. The following are nearby warming centers still available:

- Sussex County Libraries (except Sussex-Wantage) normal business hours
- Hardyston Town Hall 8:30 AM – 4:30 PM

The overnight shelter will remain operational through the American Red Cross at the Sussex County Vo-Tech School in the McNeice Auditorium. Pets are being accommodated at this location.

Additionally, the Red Cross will be providing meals for Hamburg residents today at the Sussex Vo-Tech School from 5:30 - 7:30 PM.

In the event you still do not have power; you are encouraged to contact JCP&L to report your outage at 1-888-544-4877. It is very important that you secure a confirmation number so that your work order can be tracked. Again, the phone number for JCP&L is 1-888-544-4877.

This information will be available on our digital backpack on the school district website.

Have a nice afternoon.
