

Math Summer Work 2022

Algebra

Your IXL “Personal NWEA Skill Plan” has been updated with your most recent Spring NWEA scores. This summer, we are hoping to have everyone build on their mathematical strengths as well as improve on any mathematical areas of weakness. The goal of this summer plan is to limit learning loss over the summer and have everyone prepared to take the Fall NWEA when we return to school in September.

Instructions:

- 1) Log into your IXL account
- 2) Click “Learning” in the green bar
- 3) Click “Skill Plans” in the white bar
- 4) Scroll to the bottom - click on “NWEA Math Map Growth”
- 5) Click on the Green Bullseye - “Your Personal Plan” - Be sure you see your name for your personal plan.
- 6) **Complete 4 skill lessons in each one of the 4 categories. This will be a total of 16 short assignments. If there are less than 4 skill lessons in a category, click on “I’m ready for more.”**
- 7) **You must attain a minimum Smart Score of 80 on each assignment - higher Smart Scores will earn you a better grade.**
- 8) This will be your first grade of the new school year.
