Family Promise of Sussex County

Casino Night

Betting on a Better Future: All-In to End Homelessness

Thursday, May 16th, 5:00pm - 10:00pm

The driving force of poverty in the State of New Jersey is the cost of living.

New Jersey families are facing the third highest costs of living in the nation. Experts agree the maximum a family should pay for housing is 30% of their gross income. Households paying more than that percentage are considered to be overburdened. In Sussex County, **54.2%** of households who rent are overburdened (*affordablehousingonline.com*), which means they often find themselves making tough choices when it comes to paying for food, clothing, transportation and a place they can call home. Now, more than at any other time, there is a lack of affordable housing resulting in families facing eviction, instability and homelessness.

When housing is out of reach, where do you turn?

Family Promise of Sussex County has been serving community members experiencing homelessness and housing insecurity for **over 25 years**. The agency provides rental assistance, case management, emergency shelter, life skills training, and homelessness prevention programs. In 2022, Family Promise of Sussex County served **1,362 individuals and 741 households**, of which 84% achieved stable housing.

As our largest fundraiser of the year, our programs and, most importantly, clients rely on supporters like you. When you donate to your community, you can have confidence in knowing how the funds are going to be used. You build a trusting relationship with the agency and residents attending our event will see your name associated with the mission that they too are supporting. Your company name and logo, along with a direct link to your website, will appear on the page that describes and advertises your donation. You will also be included in promotional social media posts, emails, press releases, and advertising for this event.

Thursday, May 16th, 5:00pm - 10:00pm

Sponsorships hold a paramount significance with our organization. By partnering with us, you are offering a lifeline of support that enables Family Promise of Sussex County to fulfill its vital mission.

Homelessness is a complex issue. It necessitates resources ranging from shelter and food to comprehensive rehabilitation programs. Through sponsorships, you can help create a significant impact on the lives of those in your community who are experiencing homelessness.

We thank you for your support!

Your Sponsorship Matters

With \$500, we are able to provide 40 families with essential toiletry packs. An essential toiletry pack includes toilet paper, deodorant, shampoo, body wash/soap, toothbrushes, toothpaste, and feminine hygiene products.

With \$1000, we are able to provide 5 families of 4 with winter jackets. Winter jackets are imperative to have during the cold winter season.

With \$2500, we are able to provide car repairs. Car repairs are especially important in Sussex County since it is a rural area and public transportation is lacking. Car repairs help clients maintain employment, which helps them stabilize.

With \$5000, we are able to provide shelter to 3 families for one whole month. Sussex County does not have any shelters designated for families that are experiencing homelessness. Family Promise of Sussex County has three apartments that we place families in until their circumstances improve. The waitlist for these shelters is growing at an alarming rate.

With \$10,000, we are able to provide a family with one whole year of case management, financial planning, and financial repair. Case management allows sustainable change to help foster greater housing stability by removing barriers. Clients learn new life skills, including how to budget. Case management is a client-centered approach that supports individuals experiencing homelessness. It involves assessing unique needs, coordinating services, and facilitating resources. The primary goal is to help individuals regain stability and self-sufficiency by addressing the underlying issues of their homelessness.
